

XV Modelling Week at UCM

Master in Mathematical Engineering, UCM - Madrid, June 7-11, 2021

To whom it may concern
This is to certify that

Daniel Precioso

attended the XV Modelling Week, held at the Complutense University of Madrid, Spain,
on June 7-11, 2021, coordinating the Working Group studying the problem:

A data-driven approach to evaluate the impact of restrictive
measures on the incidence of COVID-19 and economic indicators
(proposed by Komorebi AI, Spain)
